In Office Dental Savings Plan

In an effort to encourage good dental health and alleviate rising dental costs, we have developed an "In-House" Dental Insurance Plan for our patients who do not have dental insurance or find that our plan costs less than their current dental coverage. Since nearly all dental insurance plans require group participation to get any type of price reduction, individuals and families seeking dental insurance on their own often find it too expensive to even consider. Our dental insurance plan provides a wide scope of benefits at an affordable price to help minimize the cost of your dental care.
